Challenge the status quo

MORGAN SINDALL INFRASTRUCTURE

STEPPING UP TO MANAGEMENT AND LEADERSHIP

TEACH-BACK ASSIGNMENT

As part of your programme, you will now need to create and submit a Teach-Back Video at the end. The video will be viewed by senior leaders, line managers, and others who would benefit from knowing more about the programme, e.g. supporting them with their personal development.

The group video should detail how the programme can support two or more of the key focus areas for 2021(see information below). The group should reference what makes a great manager and how the programme can help their answers to support the content

Key information

- The video should be a maximum of 10 minutes.
- Your team will have time to discuss the assignment at each momentum session and offered support from your trainer.
- To allow the opportunity for you to discuss the assignment as a team, your assignment group will be the same as your first momentum group

You will all receive more information at your next session,

This is your chance to shine a light on your personal brand within the business. As a team, you can share experiences of how the programme has supported you, the team and the business.

We look forward to seeing the final result at the end of the programme.

If you have any questions or need further information, please contact (enter named contact here).
