

**LEVEL 3 NVQ IN DECORATIVE FINISHING - PAINTING AND DECORATING (CONSTRUCTION)**

Version 1 of the combined NVQ and TQT structure June 2019

**Guided Learning Hours** - eg contact time or supervised learning with a mentor/tutor/supervisor including onsite or in a classroom.

**Assessment** - The average hours it would take to assess the candidate's competence in the particular function - this **can** contribute to guided learning, but this has been kept separate in building the qualification value

**Other Learning** - eg Learners own study/research, practice of skills, compilation of portfolio of work evidence

**Duplicated Learning** - units are derived from National Occupational Standards. When the units are combined for the occupational NVQ, elements of learning in one **occupational** unit are repeated in others. Hence there is a degree of duplication. The organisations involved in determining TQT also agree the amount of time in each **occupational** unit that is duplicated. For this NVQ, these elements are considered to represent 40 hours. This needs to be included for TQT once for the **occupational** units, so where there are 2 **occupational** units (excluding core units 641, 642, 643, 209, 210 & 211) 1x 40 hours would be deducted similarly where there are 3 **occupational** units (excluding **core** mandatory units 641, 642, 643, 209, 210 & 211), there would be a deduction of 2 x 40 hours = 80 hours

**Nb:** as qualifications are currently still built on units, which individually state guided learning hours, which has in the past excluded assessment, the values are shown separately

**Nb:** previous/older forms reflect Ofqual TQT guidance from March 2015 'After the QCF', where qualifications had to have Guided Learning, Directed Learning and Invigilated Assessment assigned as components of TQT

**DECORATIVE FINISHING - PAINTING AND DECORATING**

**MINIMUM TQT FOR THIS PATHWAY = 1050**
