- 8.3 CITB shall carry out its assessment of the information provided in the bids in accordance with the methodology set out in Section 11 of this document, Bid assessment methodology.

11.1 CITB shall carry out an evaluation of the bids in accordance with the criteria as set out in the Application Form and Application Guidance Notes.

11.2 CITB does not undertake, and shall not be bound, to accept any bid.

11.3 Eligibility checks will be carried out and bids will be rejected if they are found not to meet the eligibility criteria including providing a letter of endorsement to CITB's satisfaction.

11.4 For bids that are confirmed as eligible, an assessment of the bid will be performed, based on the applicant's responses to all the sections of the application form. The assessor of the bid will use reasoned professional judgement to deem whether a response is acceptable including ensuring that the applicant has accurately included all appropriate information as requested in the guidance notes.

- 11.5** CITB may at its sole discretion undertake further due diligence into the applicant or the application including, for example, requesting copies of insurance policies, reviewing financial accounts, undertaking credit checks, asking for access to speak to suppliers and customers of the applicant, requiring additional references, engaging with the proposed training providers etc.
- 11.6** The applicant needs to provide acceptable responses to all sections of the application form and CITB needs to be satisfied with the responses to its due diligence enquiries in order for the funding to be awarded. Responses deemed insufficient will be rejected.
- 11.7** CITB will select successful bidders who CITB have determined, at its sole discretion, to have met the criteria set out in the Application Form and Application Guidance Notes.
- 11.8** If following evaluation of the application and the bid response, CITB considers that the bid does not fulfill the bid criteria, it may not make an award.

- 11.10** If CITB accepts part of a bid, CITB may negotiate the amount of the funds to be paid, with regard to market rate, which may not be the sum proposed for that portion of the bid in the bid. This is to ensure value for money for CITB and the ultimate beneficiary, the construction industry.
- 11.11** If CITB receive an application which would in CITB's sole discretion, benefit from engagement with other applications submitted via the Industry Impact Fund, CITB may require you to collaborate (including combining proposals) with other applicants as a condition for the acceptance of your bid.
- 11.12** If an application is progressed to the fund agreement stage, any information requested by CITB must be provided promptly to CITB and the award of the funds will be subject to the terms and conditions of the fund agreement.
